EGLINTON STREET, -- , WELLWOOD (IRVINE BURNS CLUB)
Burns and Cunninghame (STB leaflet)
One of the oldest and most famous (Burns Clubs) is Irvine Burns Club which was founded on 2 June 1826. It is the oldest continuous Burns Club in the world, having held an annual celebration of the poet's birth each year since 25 January 1827. The Club is unique in that two of its founder members were personal friends of the bard: Dr John MacKenzie, who was the first President, and David Sillar ('Dainty Davie') who was the first Vice President.
The Club rooms, a substantial house known as Wellwood ... were bequeathed to the Club by the Paterson family. One room translates the Irvine period of Burns' life by an attractive mural.
