MILTON ROAD

Prospect, May 1998, 66	1964 Saltire Society Housing Design Commendation. **James Hay, Macfarlane & Partners**. [sic]

BREWLAND STREET/CHAPEL STREET REDEVELOPMENT

AP 11.4.1969	Civic Trust Commendation. Report of the assessor, George Kenyon: Flats in point, slab and link blocks and terraced houses are disposed on a sloping site, with open spaces and well-proportioned pedestrian ways to enhance the environment. The levels and siting arrangements between the high and medium flat blocks and the terraced housing are skilfully treated and so related that a sense of enclousre and intimacy is conveyed. At the same time an element of excitement is achieved, added interest being given by the interplay of the roofs and bay projections of the respective types of housing. The external finishes have been well chosen in respect of colour, material and texture. The emphasis of colour spots to balcony reveals and garage doors is well selected and located. The treatment of hard

paved areas and cobbled slopes is imaginative, and tree-planting, sandpit and climbing frame in the children's play areas are judiciously located and segregated from traffic.
Architects: **Hay Steel Macfarlane & Partners**, Kilmarnock, for Galston TC. Award accepted for architects by **Stewart Hume**.

Propsect, May 1998, 66 — 1968 Saltire Society Housing Design Award. Hay, Steel & Macfarlane.

S.S.H.A.

ACC Planning, 2922 — February 1945. "Extension to Gateside scheme", Galston, for SSHA, per Hay & Steel.
[I assume this to be 43-65 Maxwood Road, and an "extension" of the pre-war GTC scheme.]

ACC Planning, 3108 — August 1945. Extension to Gateside scheme, for SSHA.
