A POTENTIAL SYNOPSIS

Occupied by the Hyslops until Margaret Hyslop died in 1945. Empty for a couple of years before being bought by Brocket - I suspect largely in connection with his Premier Coal Oil Production Ltd (cf Lanemark Colliery). He seems to have installed a caretaker - see ?STABLES below, and Electoral Roll references to the Ormes, above. Sold to Margaret Rogerson c.1956, and demolished c. 1966.
